EDUCATION

Graduate Certification | *Oct 2025 - Feb 2026*
MBA (Online)
Northeastern University, Boston, MA

Master of Fine Arts | *Sep 2023 - Apr 2025*
Information Design and Data Visualization
Northeastern University, Boston, MA

Bachelor of Technology | *June 2016 - Oct 2020*
Computer science and Engineering
Sreenivasa Institute of Technology and Management Studies, Chittoor, India

SKILLS

Programming Languages
Python, SQL, Processing, P5.js

Web and Front-End Development
D3.js, React.js, HTML, CSS, Svelte

Design & Creative Tools
Adobe Indesign, Adobe Illustrator, Figma

Visualization Tools
Tableau, Power BI, Datawrapper, RAWGraphs, and IBM Cognos.

Productivity & Collaboration
Microsoft Office Suite.

I am a data visualizer, an information designer, a programmer, and a researcher focused on data analysis, visualization, and social research. My experience spans across statistical and AI analysis, design, report development, user training and data journalism, enriched by a strong foundation in creative coding and arts.

EXPERIENCE

Data Graphics Fellowship
Business Insider, USA | *Oct 2026 - Present*

Develop interactive data visualizations and graphics for data-driven journalism using JavaScript, Svelte, and Datawrapper. Transform complex datasets into engaging visual stories in a fast-paced environment while creating reusable visualization and design templates to streamline workflows.

Graduate Researcher — MFA Thesis
Northeastern Univeristy, Boston, USA | *Sep 2024 - Apr 2025*

Title: Detach from Outcome — Harnessing Data and Design to Support Mental Resilience in Emerging Cricketers (Click Here) Designed, developed, and user-tested two prototypes: an interactive website featuring real-time visualizations of Muse EEG data and a guided self-reflection journal.

Teaching Volunteer (Online)
eVidyaloka Trust | *Jun 2024 - Mar 2025*

Volunteered as a mathematics instructor for 8th-grade students in a remote Indian school, supporting access to quality education.

Programmer Analyst
Cognizant Technology Solutions, India | *Dec 2020 - Sep 2022*

Designed and developed BI reports and dashboards using IBM Cognos and Tableau, integrating data extraction and analysis. Enhanced reporting systems, optimized database architectures, and collaborated with clients to define requirements, document workflows, and deploy and test solutions. Gained hands-on experience with GCP and Netezza as a data analyst.

Internship
Shiash Info Solutions, India | *Dec 2019 - March 2020*

Gained hands-on experience with Java DataBase Connectivity (JDBC) during my internship, applying it to my college project on P-spec SQL while ensuring data privacy and secure data handling.
